2018

What is Testing Week?

European Testing Week offers partners across Europe the opportunity to unite to increase awareness of the benefits of HIV and hepatitis testing among those who are at risk

How can you help?

HIV in Europe is calling on the European community to unite for a week during November 2018, to increase awareness regarding the benefits of HIV and hepatitis testing; so that more people become knowledgeable about their risks, understand that there is effective treatment available and are aware of their HIV and/or hepatitis status

SIGN-UP NOW AND GET INVOLVED!

Government bodies and officials can help raise awareness of the benefits of HIV and hepatitis testing

Healthcare professionals can offer HIV and hepatitis tests where relevant

Community organisations, mobilisers and community members can help to increase awareness and access to HIV and hepatitis testing

Visit www.testingweek.eu to find out how to join the campaign and become part of European Testing Week
