

The Spring European Hepatitis-HIV Testing Week pilot is now one week away!

Next week, **over 75 partners** throughout Europe will unite for the same cause: to increase access to HBV, HCV and HIV testing and create awareness of the benefits of testing and linkage to care.

Thank you everyone who have already signed up to participate in the Spring European Testing Week pilot! It is not too late to sign-up! Check out our [website](#) to see how you can get involved in the pilot! Also check out the [list of partners who have already signed-up](#) to find local ETW activities in your area!

Evaluate your success

Your evaluation and feedback of the #SpringTestingWeek pilot is **very important to us**.

If you're doing testing activities, we recommend monitoring by downloading and filling out the [ETW monitoring spreadsheet](#) and keeping track of the amount of tests done the week **before TW**, the week **during**, and the week **after** TW.

Additionally, don't forget to complete the **post-Spring Testing Week evaluation survey**. The link to the survey and more information will be sent out after the Spring Testing Week pilot so stay tuned!

When you are done monitoring your testing activities, please send the spreadsheet to hie.rigshospitalet@regionh.dk by **22 June 2018**.

Are you listed in the European Test Finder?

The European Test Finder is a search engine that allows users to find their nearest testing centre for HIV, Hepatitis B, C and STIs.

Make sure your organisation is listed in the [European Test Finder](#) so that users can find your services!

Is your organisation not listed? Then add your centre [here](#).

Share your activities with us

We love seeing and sharing your materials and photos on social media! Remember to use any of our hashtags #SpringTestingWeek #EuroTestWeek and #TestTreatPrevent in all of your posts!

Have questions?

Feel free to email your questions to hie.rigshospitalet@regionh.dk and follow us on [Facebook](#) and [Twitter](#) to get regular updates!
