

## THANK YOU!

On behalf of the [European Liver Patients' Association](#), the [INTEGRATE JA](#), and the European Testing Week working group, we would like to express our sincerest gratitude for your participation in the Spring European Hepatitis-HIV Testing Week pilot.

It has been such a great week and we have all enjoyed viewing and reading about your #SpringTestingWeek activities throughout Europe.

## The post-Spring Testing Week evaluation survey is now ready!

After every Testing Week, we ask all participants to please complete a post-Testing Week online survey. The data you provide in the survey helps us develop the Evaluation Report, assess your satisfaction with the initiative and help us to plan for future Testing Weeks.

The evaluation survey for the Spring Testing Week is special since this is the first year of the pilot. It is very important to us that you complete the online survey.

If you have completed our survey before, you will notice that the survey has been **shortened significantly** and we hope that it will be easier to complete.

[Click here to complete the post-Spring Testing Week survey.](#)

**Deadline to complete the online survey is 21 June 2018.**

---

## Monitoring your testing activities

If you did testing activities, please remember to continue collecting data until 14 June (if possible).

You can download the [ETW monitoring spreadsheet](#) on our website.

If you collect testing data but collect through another method, you are also very welcome to send these to us as they are.

When you are done monitoring your testing activities, please send the spreadsheet to [hie.rigshospitalet@regionh.dk](mailto:hie.rigshospitalet@regionh.dk) by **21 June 2018**.

---

### Have questions?

Feel free to email your questions to [hie.rigshospitalet@regionh.dk](mailto:hie.rigshospitalet@regionh.dk) and follow us on [Facebook](#) and [Twitter](#) to get regular updates!
