

## #EuroTestWeek is coming! #EuroTestWeek is coming!

European Testing Week is **23-30 November 2018** and we hope you are just as excited as us for this coming November!

As we prepare, we want to make sure your organisation is included in the **European Test Finder**! The European Test Finder is an online resource where users can search for their nearest testing centre for viral hepatitis, HIV and STIs. It's also available in 15 different languages!

Be sure to check if your organisation is [listed in the European Test Finder so users can find your services](#). If your organisation is not listed or if you need to edit your information, you can do so [here](#).

## #EuroTestWeek website

This is the *sixth year* for European Testing Week (ETW) and we want to remind you of the available resources that have already been developed over the past 6 years.

### What are your plans for ETW?

We hope you'll review the ETW [website](#) with colleagues at your organisation or with colleagues from other organisations with whom you may want to collaborate or encourage to participate

- Review [About Testing Week](#). It will remind you of the very basics about testing week and our dual approach to HIV *and* hepatitis testing, whenever possible.
- Review [documents](#) we've developed with key population organisations, to encourage working with key populations to develop effective, and safe, testing campaigns.
- Other sections in the website will give you a good set of resources to help you plan and implement your testing week activities: [Why test](#), [Evidence](#), [Get involved](#), [Success stories](#), [FAQs](#), [Media centre](#)
- We encourage you to review the [Testing Week materials and documents](#) which provide guidance on how to get started or implement your testing week activities

- Lastly, we have many [examples of effective testing initiatives](#) to help inspire you when engaging with different target groups.

Visit the [#EuroTestWeek website...](#)

---

## Want to help inspire others for Testing Week?

We want to expand our collection of Success Stories and that's why we are asking **you** to submit your Testing Week story to us as a way inspire others to participate in Testing Week.

We encourage you to share your story to help others learn from your experiences. You can submit your Success Story to us by completing [this template](#) and sending it to [hie.rigshospitalet@regionh.dk](mailto:hie.rigshospitalet@regionh.dk).

---

## Thank you for completing the Feedback Survey in August!

Thank you everyone who completed the Feedback survey last month. We had a great response and your feedback has been very valuable in helping us understand your interests. We plan to contact those of you who shared your comments and connect or provide helpful resources whenever possible.

You can read the results of the survey [here](#).

**However, if you have further questions or want advice on a particular topic related to implementing HIV and/or hepatitis testing (including reaching key groups, working with government or public health institutions, etc.) and would like support from our network of experts or linkage to resources, please feel free to contact us at any time at [hie.rigshospitalet@regionh.dk](mailto:hie.rigshospitalet@regionh.dk)**

---

## Free online training on the Clinical Management of HIV

The European AIDS Clinical Society (EACS) online course on [Clinical Management of HIV](#) will be relaunching this November 2018. The course provides an in-depth understanding of the scope and manifestations of HIV-related diseases, their prevention, management, and care. Special emphasis is placed on co-infections and co-morbidities as well as state-of-the-art treatment of HIV according to international guidelines from EACS and WHO.

### What is new?

A brand-new module on Optimization of ART programmes. Addition of a stand-alone module on PrEP. Update of existing modules according to new scientific discoveries and updated guidelines.

[Read more and sign up today!](#)

---

**Please help your colleagues get involved with ETW and encourage them to sign-up!**

Not sure if your colleagues are participating? Here's a [list of organisations and institutions who have already signed-up](#).

**Help us keep ETW relevant for organisations across WHO Europe.**

And please let us know if you have any questions at [hie.rigshospitalet@regionh.dk](mailto:hie.rigshospitalet@regionh.dk).
